- A close-up photograph of various raw materials used in mattress manufacturing. In the foreground, there are several large spools of white cotton thread, some with small white fabric pieces attached. To the left, there are rolls of brown, fibrous material, likely coconut coir. In the background, there are more spools of thread and a roll of brown fabric. A pair of black-handled scissors and several metal springs are scattered on the surface in the lower center. The overall scene is a detailed view of the raw materials used in the production of Hypnos mattresses.
- At Hypnos, we are committed to using environmentally friendly, sustainable materials of the highest quality.
  - Every mattress in the Heritage Collection includes sumptuous British wool, not only for its excellent breathability and comfort, but also in support of British sheep farmers and Prince Charles's Campaign for Wool.
  - Hypnos mattresses and divans are 100% recyclable.

Hypnos has been practicing and perfecting the art of making luxury pocket spring beds by hand since Edwardian days. With over 100 years of bed making experience and insight into a great night's sleep, our philosophy and commitment focuses on the pursuit of perfection and the delivery of a deep, energising night's sleep, helping to fulfil dreams for a healthy and enjoyable life.

# *A passion for perfection*

Our master craftsmen continue to use traditional, time-honoured skills that have been past down from generation to generation to create an authentic piece of Great British Furniture – a sublime expression of extraordinary and lasting British craftsmanship.

Indeed Hypnos is renowned internationally as the expert in making handcrafted deep pocket spring beds. Combining traditional skills with constant innovation, and using the finest natural materials, Hypnos has a reputation for making the most comfortable beds in the world.

Each and every Hypnos bed is a bespoke creation, handcrafted to perfection, a masterpiece. Our talented master bed makers place the elements of quality, comfort and exquisite hand tailoring above all else, guaranteeing years of sumptuous and comfortable sleep. A 10 year guarantee reinforces this unsurpassed craftsmanship.

Each Hypnos bed is individually made to measure, made to order and made by hand. Our craftsmen, their passion, their experience and their unparalleled attention to detail guarantees exceptional quality – truly, a labour of love.

### **Royal seal of approval**

Hynpos is the only bed manufacturer to actively supply the British Royal Family and the Royal Household. A Royal Warrant from Her Majesty Queen Elizabeth II provides Hynpos with a 'mark' of excellence and reinforces Hynpos's reputation for the very best of British quality. Indeed, Hynpos doesn't just make beds for the home, Hynpos beds can also be found around the world in the finest palaces, estates and hotels.

# Rejuvenating sleep

## Re-energise your body, mind and soul

Hypnos prides itself not only on its expertise in the art of bed making, but also on its insight into sleep, designing beds to provide you and your partner with a relaxing and rejuvenating night's sleep and a positive, energetic start to the day.

Hypnos believes that deep, uninterrupted sleep not only re-energises the body, mind and soul, helping to improve daytime alertness, productivity and performance,

but also positively improves your health and wellbeing. Getting enough sleep is essential for your physical, mental and emotional health. In fact sleep is a necessity for a healthy life, and is just as important as eating and drinking the right things, and undertaking regular exercise.

We spend a third of our lives asleep, so there can be no better investment than a quality hand crafted mattress – the ultimate retreat for your body. At Hypnos we truly believe that the mattress you sleep on will make a difference to the quality of your life and wellbeing.

*“Getting enough sleep is essential for your physical, mental and emotional health...”*

A mattress is one of the most important purchases you will ever make. Invest wisely and always choose a quality and durable mattress that will help to take care of you and your loved ones.

Unwind, recharge and renew – enjoy the amazing sleep experience of a Hypnos mattress and benefit from the supreme comfort and the lasting assurance of a great night's sleep, every night.

*Awake each morning feeling completely refreshed and revitalised.*

Every design detail of the Heritage Collection has been carefully considered, providing the ultimate choice for individual comfort and total body support.

*As individual as you*

Your Hypnos bed will be as individual as you, tailor-made to your exact requirements. Additional features provide added luxury, enabling the creation of a truly personal and bespoke design statement for the bedroom. Carefully consider every detail; first choose your comfort levels, then consider an array of finishing touches that reflect your individual personality and matches with the decor and style of your bedroom. Your divan will be hand tailored and finished with your personal choice of fabric colour – choose from beautiful, three-dimensional narrow cord fabric,

stylish tactile faux suede or provide your own fabric to match precisely with your curtains and soft furnishings. Match the divan fabric with the headboard fabric for a striking look. Each divan can also incorporate a range of hidden storage solutions. Select the style of feet you prefer, from a traditional chrome castor to elegant tapered wooden feet. Alternatively add a sophisticated skirt around the entire base of the bed for a luxurious finish.

### **Made to measure**

Need a special size mattress? – longer for taller people; wider to accommodate your children as well; tapered for a yacht berth or specially shaped at each corner for a four poster bed frame.

# The Hypnos difference

## Individual comfort created from pressure-relieving pocket springs with built-in 'memory' and 'active turns'

There is no better feeling than sinking into a sumptuously comfortable mattress, allowing it to hug and hold your entire body. A Hypnos pocket spring mattress has been uniquely designed to immediately recognise your body's unique imprint, sensing your shape and weight distribution, providing comfort and support

This focus on individual comfort ensures no roll-together and reduces partner disturbance, allowing you and your partner to stay in your preferred sleeping position longer and experience deeper, undisturbed sleep.

*"...uniquely designed to immediately recognise your body's unique imprint..."*

exactly where you need it, seamlessly adjusting to you and your partner's every move. The result, a deep, relaxing and undisturbed night's sleep, body and mind renewal and a kick-start to a productive and enjoyable day.

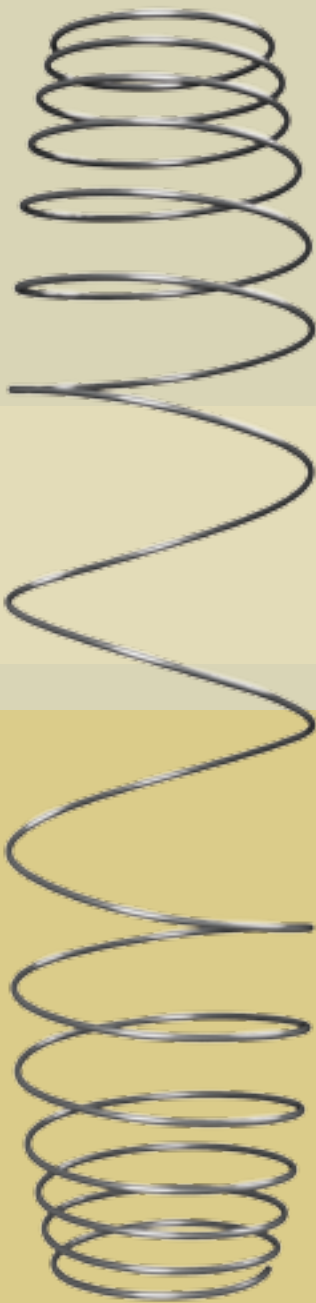

A Hypnos mattress has been designed to actively minimise pressure points and to help increase blood circulation allowing your muscles to relax. The independent movement of each individual pocket spring ensures the mattress moulds itself to your entire body ensuring the natural alignment of your spine and total support for your back.

## The assurance of a 10 year guarantee

The steel wire in all Hypnos pocket springs is heated twice, to provide a stronger, longer lasting spring. This double heat treatment provides a built-in 'memory' which allows the springs to return to their height and position after every night's sleep.

This commitment to a stronger more durable pocket spring reinforces Hypnos's unrivalled 10 year guarantee for true peace of mind.

## Intuitive active turns

The more active turns in a single continuous pocket spring the greater its ability to sense the exact comfort and support requirement of you and your partner, seamlessly and smoothly spreading vertical downward pressure. A single continuous pocket spring also creates a 'bellows-like' affect that drives cool air around the mattress and facilitates greater hygiene. This extra breathability ensures better ventilation, helping to reduce moisture and maintain a comfortable body temperature for a healthy, relaxing and energising night's sleep.

Hypnos ReActive™ pocket springs have up to 8 active turns, whilst the new UltraSens™ pocket springs have up to 14 active turns. In fact the flexible UltraSens™ pocket spring has been uniquely designed to provide unparalleled support, resilience and comfort.

Our intelligent '3-in-1' UltraSens™ pocket spring is a progressive spring that uniquely and smoothly reacts to vertical downward pressure allowing each of the three integrated tiers of active turns to collectively engage and provide dynamically controlled rebound and deep progressive support.

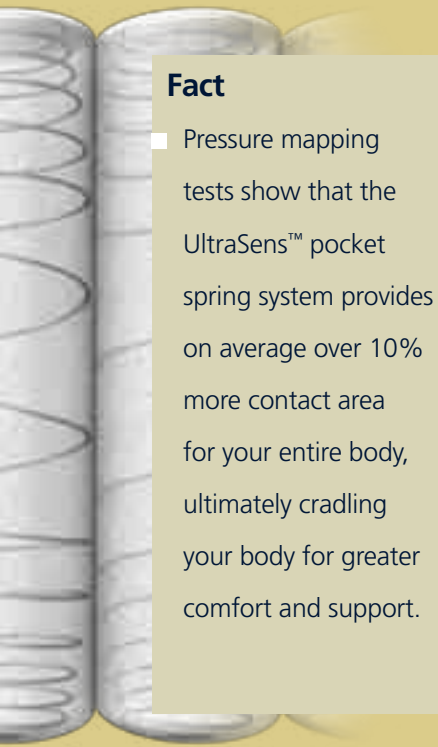

This ultra pressure sensitive 'all-in-one system' intuitively and independently senses the weight, pressure and contours of both you and your partner. UltraSens™ pocket springs work in harmony with sumptuous soft fillings to maximise the contact area between your body and the sleeping surface, evenly distributing your weight for total body support, maximising pressure relief and comfort, ensuring complete relaxation.

The tightly twisted soft-top-tier of the pocket spring initially caresses and hugs every inch of your body, ensuring that your body delicately sinks into the soft

### Fact

There are 1.6 miles of double heat treated steel wire in a 180cm size UltraSens™ 14 mattress.

**Fact**

Pressure mapping tests show that the UltraSens™ pocket spring system provides on average over 10% more contact area for your entire body, ultimately cradling your body for greater comfort and support.

breathable surface fillings of the mattress, providing sumptuous softness and comfort, guaranteeing total body contact with the entire sleeping surface. The tightly twisted soft-bottom-tier of the spring provides extra deep ultra-sensing comfort, allowing all movements and adjustments to body position to seamlessly take place without disturbing your partner. The UltraSens™ spring anticipates and recognises the continued vertical downward pressure, allowing the firmer strength of the muscular-central-tier of the spring, with its wider spaced active turns, to engage and provide total spine and body support. The result is a truly rejuvenating and memorable night's sleep.

**Extra zonal posture support for your spine and back**

UltraSens™ pocket springs have 'built-in' intelligence to provide the exact head-to-toe zonal support that your body needs. ReActive™ pocket springs can incorporate a 3-zoned system with a firmer zone of springs in the centre of the mattress, and a zone of softer springs at the top and bottom of the mattress. This provides additional pressure relief for your waist, hips and shoulders and also takes extra care of your back and spine for optimum support and postural alignment.

**Fact**

In line with Hypnos sustainability ethos the UltraSens™ single continuous pocket spring uses 35% less steel wire and 24% less fabric than an equivalent triple layer pocket spring system, plus uses 25% less energy in the manufacturing process.

**A commitment to sustainability and the environment**

At Hypnos, we are committed to reducing our carbon footprint and to using environmentally friendly, sustainable materials of the highest quality. The Heritage Collection is made from some of nature's finest materials which provide the very best sleep systems. Our divan bases are made from timber from managed forests, which are forestry approved and do not contribute to global forest destruction. Indeed our sustainability ethos stretches far beyond the materials that we source, with a clear focus on energy efficient processes, waste minimisation and recycling. Our mattresses and divans are 100% recyclable – we have established a dedicated business to shred old beds and recycle the various separated materials. It is no longer necessary for mattresses to go to landfill.

## Zip and Link mattresses

Because comfort is a matter of personal choice, there can be no 'right' or 'wrong' solutions. We have the best of both worlds. The Heritage Zip and Link facility enables different spring tensions to suit the preferences of each sleeping partner and offers the added ability to split a double bed into two singles when needed.

Zip and Link standard sizes are:

<b>Kingsize</b>	<b>150cm x 200cm, split into two 75cm x 200cm</b>
<b>Super Kingsize</b>	<b>180cm x 200cm, split into two 90cm x 200cm</b>

## Made to measure service

Our craftsmen would be delighted to produce a tailor-made bed, hand built to your exact requirements. Please enquire about the production of bespoke beds and any non-standard sizes - longer for taller people; wider to accommodate the children as well; a tapered mattress for a yacht berth or specially shaped at each corner for a four poster bed frame. Your bed can be as individual as you, or as individual as your preferred bed frame, bedstead or berth.

# The finishing touches

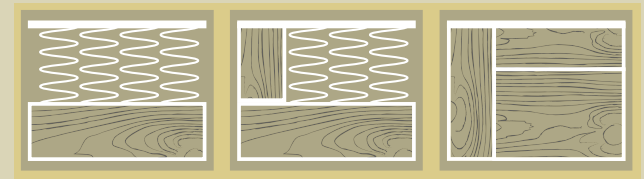

## Choose a deep or shallow divan base

Together, a Hypnos mattress and divan base provide the optimum comfort and support, with the assurance of unparalleled longevity and a great night's sleep. For additional comfort choose a sprung edge divan base, whilst if you want extra comfort and support right up to the edge of the bed, choose a firm edge divan base.

If it's a firmer feel you prefer, choose the solid top divan base.

When it comes to selecting the right divan style, choose from a traditional deep divan base which can incorporate hidden storage, or choose a modern shallow 'floating' divan base with longer legs providing a contemporary 'bedstead' appearance.

### Divan base options

## Choose castors, legs or a divan skirt

Our deep divan bases are available with a wide range of finishes. Choose chrome castors for smooth and easy movement; specify a skirt to surround the foot of the divan base, allowing the divan base to seamlessly flow to the floor. Alternatively, for a contemporary look, personalise with a range of discrete wooden feet.

Our shallow divans are available with a choice of modern legs finished in wood or chrome. Indeed your tastes and preferences during the lifetime of your bed may change along with the decor of your bedroom – rest assured that you can change your choice of leg or feet at any time to reflect the style of your changing bedroom.

## Choose fabric colour and texture

Our divans and headboards are upholstered in a range of modern colours and textures. Choose from beautiful, three-dimensional narrow cord, jacquard woven fabric and stylish tactile faux suede – fabric swatches are available from our stockists. Alternatively customers can supply their own fabric.

# The finishing touches

## Crown the bed with a beautiful headboard

A beautifully upholstered headboard provides a bold 'silhouetted' statement to frame your bed, creating a stunning focal point and finishing touch to both the bed and the bedroom.

Choose from the elegant Euro headboard, which is upholstered all the way to the floor, available in the same width as the divan (Euro-Slim) or slightly wider

than the divan (Euro-Wide). Alternatively choose a traditional 'strutted' headboard – a full range of styles in the Hypnos Headboard Collection is available from our stockists.

A headboard and divan upholstered in matching fabric looks stunning. Customers can also supply their own fabric to match curtains or other soft furnishings.

## Sleep extras – ReActive Pillows

The Hypnos ReActive Pillow Collection consists of three pillows, each designed to actively cradle your head and neck providing superior comfort, support and pressure relief.

Choose from two luxury latex pillows – either Low Profile for stomach and back sleepers, or High Profile for side and back sleepers.

Alternatively choose the Pocket Spring pillow with over 40 individual pocket springs that independently adjust to your every movement. Unlike conventional pillows that need to be 'fluffed' up to regain their original feeling and comfort, each of these pillows instantly springs back into shape.

## 10 year guarantee registration

All Hypnos beds come with a 10 year guarantee for the ultimate peace of mind.

By registering your guarantee with Hypnos, you not only gain the ultimate confidence that any concerns with the quality of workmanship or materials will be resolved efficiently and quickly, but you will also receive additional information within a welcome pack, covering cleaning, care and turning advice – a guarantee registration card comes with your bed, alternatively please go to [www.hypnosbeds.com](http://www.hypnosbeds.com) and register your guarantee online.

## Our stockists

Our stockists are established businesses with a pedigree for bed retailing and friendly, knowledgeable staff.

They have many years experience in helping customers identify the right bed, with the right level of comfort and support to meet their individual needs. Details of our stockists can be found on [www.hypnosbeds.com](http://www.hypnosbeds.com)

## Our showroom

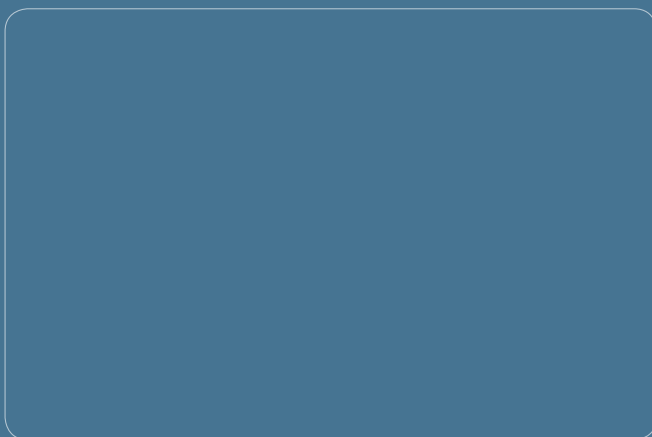

The Hypnos showroom, in Princes Risborough, is open 6 days a week. We would welcome the opportunity to discuss your requirements and show you our complete range of beds, including the Regency Collection, our most luxurious bed range, our sumptuous Pillow Top Collection, our extensive Bedstead Mattress Collection and our Orthos Support Collection, specifically designed to provide a firmer, supportive feel.
